Usability test Planify v 1.1

In order to execute this test, go on https://pr.to/TXT4UY/

A. Imagine that you need to prepare the Einführungsprogramm for December 2015.

1. Log in to Planify with the following credentials:
     Username: Localsearch
     Password: localsearch

2. Create a plan for the new localsearch collaborators with the following data:
     Name of the plan: Einführungsprogramm - Localsearch
     Hometown: Zürich
     Destination: Zürich
     Dates: 01.12.2015 - 06.12.2015
     Description: New collaborators plan for December 2015

  3. Add a photo to the plan (to make it easier, a photo has been already chosen for you)

4. Create a new step for the 1st of December with the following data:
     Title: Kennenlernen inkl. Vorstellung
     Subtitle: Team HR BP Vermarktung
     Time: 08:30
     Description: Raum/Büro: Lac Neuchâtel
     Contact:
          Name: Gabriela Länger
          Company: local.ch / search.ch
          Phone: +41 790000000
     Address: Förrlibuckstrasse 51

5. Look at the detail of the step you have created.

Imagine you have filled up more your plan.

6. What will happen the 5th of December at 14h30?

B. Imagine you need to prepare the Einführungsprogramm for January 2016

Version 1

1. Duplicate the plan you created for December (first plan in the welcome page) and modify the following data:

Name of the plan:	Einführungsprogramm Jan '16 - Localsearch
Hometown:	Zürich
Destination:	Zürich
Dates:	01.01.2016 - 06.01.2016
Description:	New collaborators plan for January 2016

Version 2

1. Same as before but duplicate all but the participants (second plan in the welcome page)

Version 3

1. Same as before but duplicate all but the participants and only the first day of the plan (third plan in the welcome page)

C. Create a step
